Leg-Style

TABLE SERIES

Leg-Style Series

Leg-Style Tables are engineered to thrive in intensive-use environments. The incredibly robust, tubular steel legs are fully welded to steel mounting plates to create an exceptionally strong, stable and durable base. The legs are joined to the top using tamper-resistant screws connected to embedded T-nuts to form a highly secure, steel-to-steel connection that you can trust to get the job done. That's peace of mind.

Square Top
36" & 42"

Round Top
48"

Rectangle Top
30"x72" & 30"x96"

Available in 2.5" and 4" legs.

Features That Matter

Secure Molded Edge

The molded edge is radiused for comfort and pressure fused to the extra strength top, making it permanently fixed, highly sanitary and pick resistant.

Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff.

Contraband Resistant

Specifically designed without any creases or nooks to mitigate the ability to hide contraband.

Tamper Resistant

The base and top are securely attached with embedded T-nuts and pin-in Torx head security hardware to create a safe, steel-to-steel connection engineered to not loosen over time.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without effecting the surface material or color.

Non-Removable Glides

Non-removable, steel encased floor glides protect the floor from scratching without risking the safety of residents and staff.
